

Arrival and Dismissal

Late arrival and early dismissal

It is important that students arrive on time for the start of class. If you are dropping off your child after classes have begun, please ensure that you accompany them to their classroom. Students who arrive after 9:00 will officially be registered as late. If a student wishes to be dismissed early from school, an explanatory note should be sent to the homeroom teacher by the parent.

Afternoon dismissal

If a child is to be picked up by someone other than the normal parent/guardian, the parent should inform the contact teacher or the principal. You can also leave a message at the reception.

School Bus / Bus Card

The right to free transportation to school follows the same rules as for public schools. Bus cards are issued by the county every fall, and are distributed to schools. Note that free transportation only applies to the stretches for which the bus card is issued, between home and school. There is a school bus from most areas in the municipality to Halsen School. From there, there is a private bus to Fagerhaug. Lost or broken bus card is replaced through written request from the student's parent/guardian.

Students have the right to free ride within their own municipality. This means that students living in other municipalities are not issued bus cards that apply in Stjørdal Municipality. The school expects students to behave according to the "bus rules". Violation of these rules can lead to consequences.
